

Maths

As Mathematicians we will be focusing on measurement – looking at money. We will also be developing our multiplication and division skills.

Geography

We will be learning about the 7 continents and about the location of hot and cold places. We will use using atlases, world maps and globes.

English

As Writers we will be using two books to inspire our writing – Meerkat mail and Lost and found.

We will also be doing some non-fiction writing, creating fact files about different countries and animals.

Religious Education

We will be focusing on Christmas time celebrations, discovering how different religions celebrate this time of year.

KS1

Climates around the world

Reading VIPERS

Focus book – The Black and White Club

History

As Historians we will finding out about the adventures of significant explorers like Ernest Shackleton, Matthew Henson and Felicity Aston.

ART

As Artists we will look to nature for inspiration. We will learn about Andy Goldsworthy and create our own nature sculptures and collages.

Science

As Scientists we will be investigating climate change and finding out how we can make a difference.
