

Maths

Investigating place value:
Count, represent, write, order and compare numbers up to fifty.

Pupils will be introduced to addition and subtraction including crossing ten.

Music

On pupils' journeys to Kenya they will be introduced to traditional African music and they will get the opportunity to play djembe drum.

Art

Pupils will use water colour washes and cut out silhouettes to create African inspired safari sunset paintings. Pupils will use corn and maize to create texture in paintings and they will explore African Patterns and colour.

Design and Technology

Pupils will design and make their own mechanical safari puppet boxes. They will represent the pupils travels to the Maasai Mara National Reserve

KS1 Sensational Safari

Religious Education

Pupils will read stories from the Bible and Quran. These will include The Crying Camel and Noah's Ark.

Reading VIPERS

Focus book– We are going on a Lion Hunt

Geography

Pupils will travel on Safari to Maasai Mara National Reserve Kenya. They will look at the journey that they have taken on a map. Once there they will meet some of the Big 5 animals, as well as get to know who the Maasai Tribe is. Pupils will compare the climate and culture to that of their own.

Science

Pupils will be going on a building hunt in search for materials to build a secure house for the Three Little Pigs. During their journey they will explore different materials and their properties.

English

Pupils will be inspired by their travels to the Maasai Mara National Park and they will use this to create a variety of different poems. Including a shape poem.
