

Cumbria County Council

The All of Us Forum are working on a project around 'Transitions' and how we can use words that make it easier to understand.

We would love the help of any young people with SEND to tell us what word frustrates you and ideas you may for how it could be better explained.

We have put a few words on as suggestions but feel free to add your own words or your own explanation.

Word	More child/young people friendly way of wording it

Please email your responses back to liz.wright@cumbria.gov.uk
